

Dedicated to the proliferation of exceptional horticulture through the advancement of professionalism and knowledge, for the benefit of consumers and grounds care professionals in our community.

DGMA's mission is to grow quality and professionalism through a four-pronged approach.

We accomplish these goals through having a winter networking meeting and educational lectures. We do an annual garden and/or facility tour which shows off some of our members job sites and work places and has included tours to Longwood Gardens, Mt. Cuba as well as Chanticleer. We have in the past, also attended Phillies and Blue Rocks game, as well as toured both the Phillies and Eagles stadiums.
